Our Vision & Mission

THANK YOU

MOLTEN
RESOURCES

- **MOLTEN RESOURCES (Pty) Ltd** is a 100% Botswana Citizen owned, controlled and managed entity. We are a newly established company offering the Mining Supplies services to the mining Industry. We are proud distributors of **VIGARIO** products in Botswana. We pride ourselves on the quality of our products, services and ability to innovate. Our manufacturing partners, **VIGARIO CONSULTING**, manufactures only the best quality products.
- We are looking to extend our reach into other parts of the continent. Southern African region is a key focus area for us, given the demand for constant business changes, added visions and improvements on all our unique IP related products. VIGARIO is an OEM proud subsidiary partner of DURASET STRATA CONTROL on all our steel products. Enabling us to continue and stay the leader in this competitive operating and supply market.
- We leverage our expertise on the experience of our OEM, acquired over many decades, to provide equipment, systems and services that best satisfy our clients' mining, material handling, liquid/solid separation and beneficiation requirements. Our brand portfolio ranges from mining material supply to services.
- When you choose MOLTEN RESOURCES (Pty) Ltd products for your mining, shaft operations and construction requirements, you'll get high-quality and durable equipment that delivers the best value long-term. We have experience staff members to help customers boost their production, increase efficiency and cut operating costs. We combine our advanced product design and backup with our expert process know-how and service for tailored solutions that meet your specific needs.
